

Regarding National Identification papers for horses in the CCN1\*-L.

Horse ID documents cannot currently be downloaded from JUST GO.

Apparently it will be corrected in the future.

If you don't have your National papers for your horse/s it will be okay.

We have a microchip number for all CCN1\*-L and have produced a file for Vet data ID documents.

The Stewards and Vets will identify horses by chip number if necessary.
